in a Sexualized Culture**

**Speaker: Noel Bouché, Vice President, pureHope**

Break away , meet others in the community to network, share ideas and upcoming opportunities, and to encourage one another. Noel Bouché will address the biblical basis of sexual purity, the realities of the sexualized culture around us, and strategies and approaches for equipping believers to pursue purity in a pornified environment. Specifically, the effects of mobile technology and the normalization of commercial sex will be discussed, followed by biblical and practical solutions to move people toward sanctification and a purity that is based on hope in Christ (1 John 3:3).
